Commissioner for Patents

1. The reply filed on 04/23/2010 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

On 04/23/2010, Applicant submitted a declaration stating that the method disclosed in the 1998 seminar was not the complete method of the instant application. This statement is not a sufficient response because Applicant failed to address or supply the information requested by the Examiner. Specifically, Applicant failed to address or supply:

- The citation for, the dates initially published, and copies of any advertising and promotion literature prepared for any goods or services that claimed subject matter has been embodied in
- The citation for and copies of any journal articles describing any goods or services the claimed subject matter has been embodied in
- Any written descriptions or analyses prepared by any inventors or assignees, of goods or services in competition with the goods or services the claimed subject matter has been embodied in
- Identification of pending or abandoned applications filed by the applicant or assigned to the same assignee as the current application that disclose similar subject matter that are not otherwise identified in the current application.

Moreover, in the reply filed on 04/23/2010, Applicant stated that results were presented in the 1998 seminar. Examiner is requesting for Applicant to supply these results or materials that were presented at this seminar or that were made public prior to October 13, 2003.

See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
